

Say each letter sound and trace over the letters in the boxes. Which sound does the word God begin with?

### Lesson Song – My God Is So Great

My God is so great, so strong and so mighty,  
there's nothing my God cannot do.  
My God is so great, so strong and so mighty,  
there's nothing my God cannot do.

The mountains are his, the rivers are his,  
the stars are His handiwork, too.  
My God is so great, so strong and so mighty,  
there's nothing my God cannot do, for you!

### LESSON 3

CREATION AND THE BEGINNING OF HUMAN HISTORY

### THIS WEEK'S BIG QUESTION

Where did created things come from?

### LESSON RHYME

G—G—God  
A very different being  
G—G—God  
All powerful, all seeing

# The Beginning of Creation

God isn't like the things he has made. All living things are born and someday they will die. God has always lived and will never die. That means that he is very different from you and me. That is why God is able to make the earth all the things that live on it. We use the infinity symbol to show that God has always lived and that he is the maker (creator) of all things. The Bible says that in the beginning God made a place to put the things he made and the stuff to make them out of. That's like when you build something out of blocks you have to have a place to build on (the floor or a table) and something to build with (like blocks). In the picture the boy and girl are building something out of blocks. God created the boy and girl but people made the blocks. God is different from people, like people are different from blocks.

Draw a picture below of something that God created.
