

CREATION AND THE BEGINNING OF HUMAN HISTORY

#14 – Each Animal After Its Own Kind Genesis 1:24-25

PICTURES NEEDED

- 14-1 Types of land animals
- 14-2 Types of mammals

NURSERY CONCEPT

Animals have babies just like them.

LESSON CONTENT

Show the visual. (Picture 14-1)

On the sixth day of creation God made the animals that live on the ground. Snakes and lizards are animals called reptiles. Reptiles lay eggs and are cold-blooded. Cold-blooded means that when the temperature outside is cold they are also cold and can't move.

There are other animals called mammals. (Picture 14-1) Mammals give birth to live babies and are warm-blooded. When it is cold outside their bodies stay warm. They have fur or hair. There are lots of different types of mammals. Some mammals are wild and dangerous. Other mammals are tame and useful to people. People are mammals too.

QUESTIONS

What are types of reptiles? What are types of mammals? What are differences between reptiles and mammals?

PRAYER

Thank God for all the amazing animals he created and takes care of. Thank God that he is a good and loving God.

BIG QUESTION

What can we learn from the animals?

Every living creature is known by and belongs to God.

LESSON SONG

God Created Animals (To Old McDonald Had A Farm)

God created animals, Ee i ee i oh!
God created chickens that cluck, Ee i ee i oh!
With a cluck-cluck here, And a cluck-cluck there
Here a cluck, there a cluck, Everywhere a cluck-cluck
God created animals, Ee i ee i oh!
