

Say each letter sound and trace over the letters in the boxes. Which sound does the word good begin with?

Lesson Song – My God Is So Great

My God is so great, so strong and so mighty,
there's nothing my God cannot do.
My God is so great, so strong and so mighty,
there's nothing my God cannot do.

The mountains are his, the rivers are his,
the stars are His handiwork, too.
My God is so great, so strong and so mighty,
there's nothing my God cannot do, for you!

LESSON 19

THIS WEEK'S BIG QUESTION

Who is the Creator God?

LESSON RHYME

G—G—Good
God designed all things to be
G—G—Good
God liked what he did see

What makes something very good?

God created the world as a place for men to live. He put everything on earth that people need for a good life. When God was done creating he looked at all that he had made and called it "very good." That means God's creation worked in the way he wanted it to. Both men and animals had everything they needed to live life well. We are to thank and praise God for his "very good" creation.

Trace over the letters of the words "very good".

very good
