What kind of nature do we have?

Page 2

At the moment that they sinned,
everything broke down.

God looked on them with sadness
and his face it had a frown.

The world God had created good
was now inclined to wrong.

Power to deceive mankind
to Satan did belong.

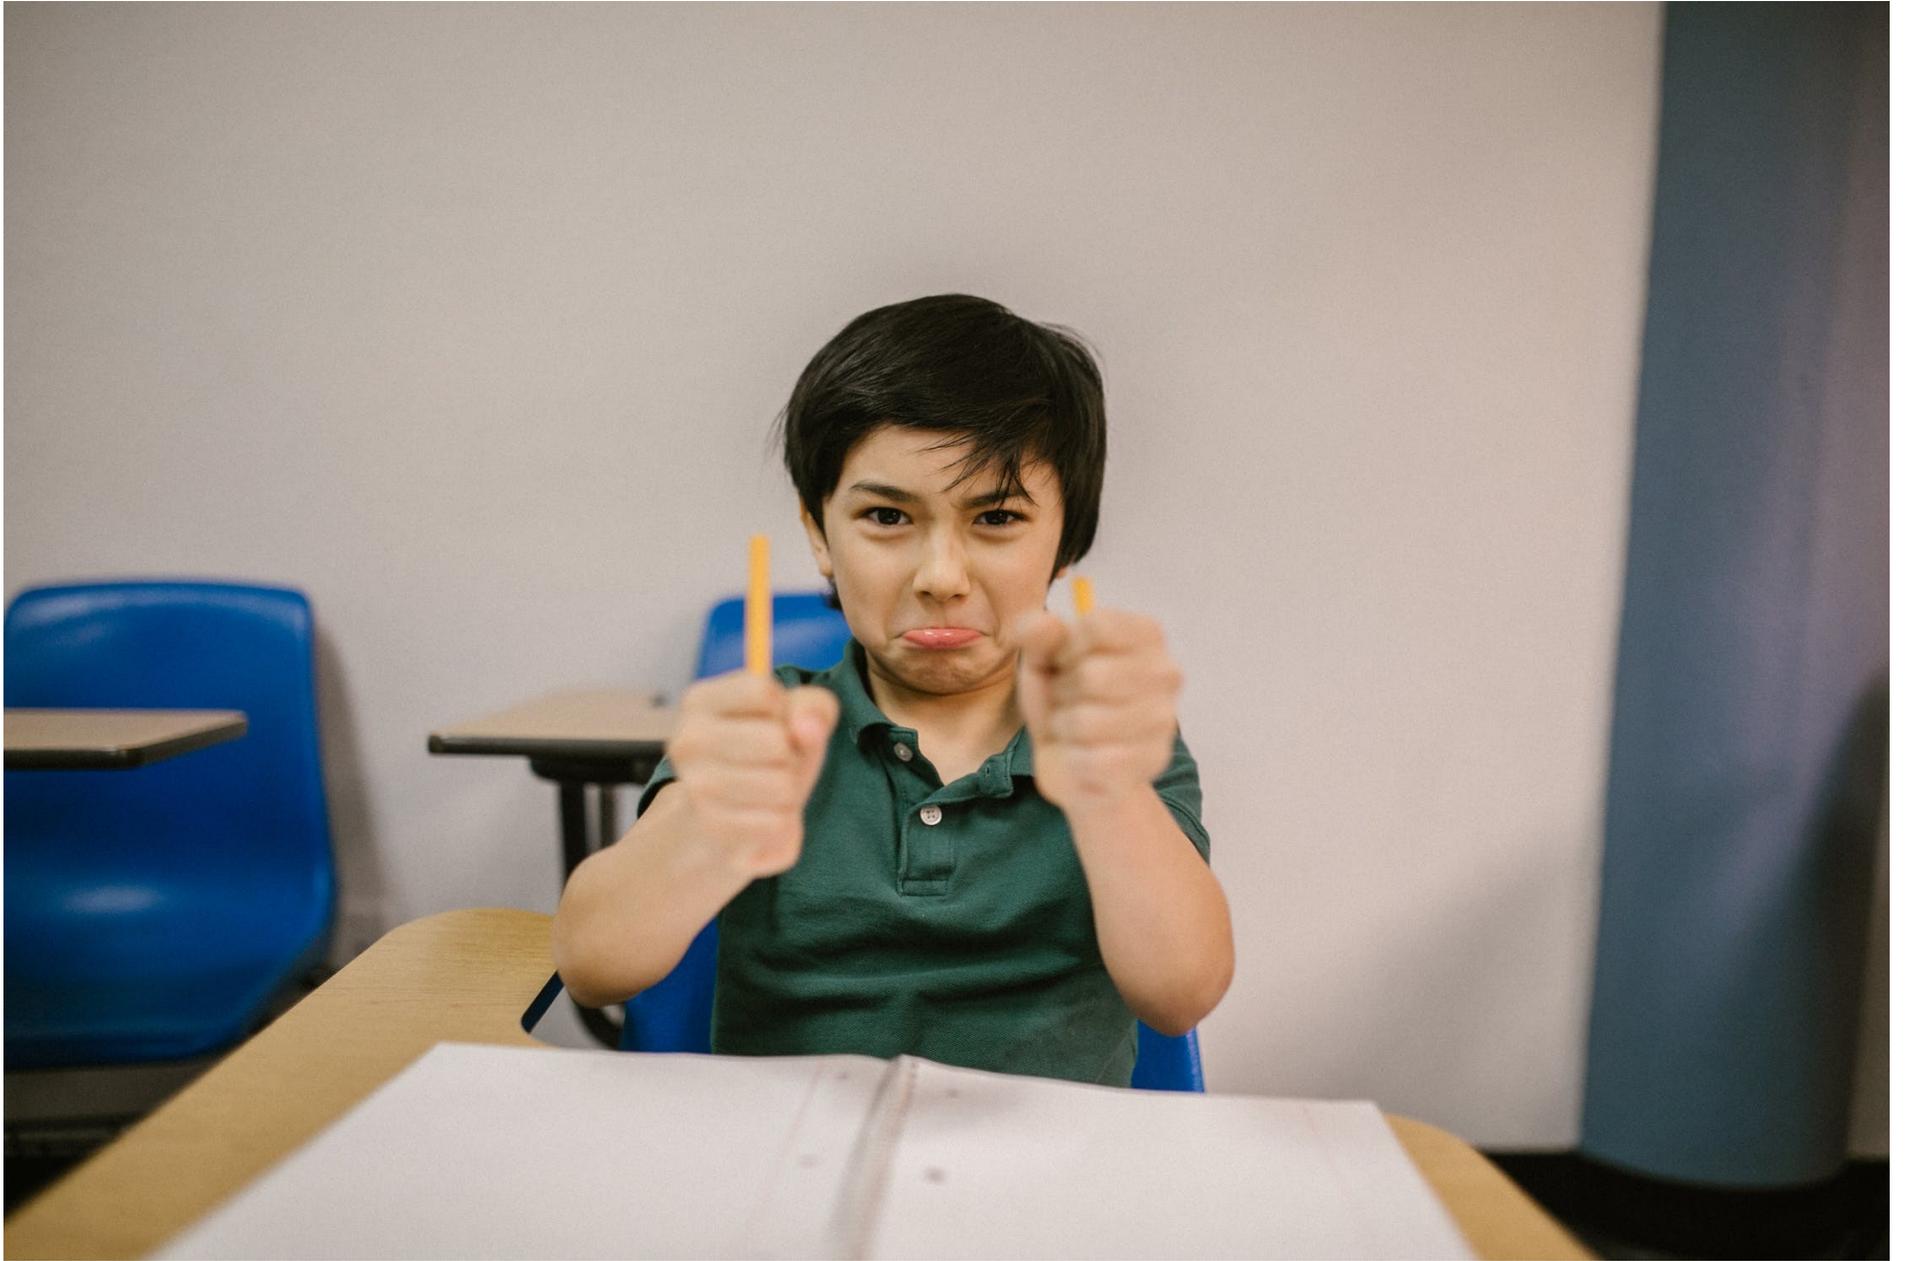

Page 3

Death entered God's creation,
when Adam chose to sin.

So every person now is born,
sinful from within.

The old nature that we're born with,
inclines us to do what's bad.

But Jesus made a way
for a new nature to be had.

Page 4

Jesus led a perfect life

and died upon the cross.

He defeated sin and death

so Satan's not our boss.

If we trust in Jesus

a new nature he does give.

Under the power of our sin,

we no longer have to live.

Page 5

To put on a new nature,

we must take off what is old.

We can overcome our sin

when of Jesus we take hold.

We turn away from Satan

and go the way we should.

We put to death bad thoughts

and deeds that are not good.

Page 6

We have to follow after God
to live in Jesus' light.

He will cleanse us from our sin
so we can choose what's right.

The old nature will be put to death,
the new will live and grow.

And as we choose to do what's right
our love for God will show.

Page 1

Satan is God's enemy;

he hates all God says is good.

If we follow after him,

we won't do the things we should.

Satan tempted Eve

and she chose to eat the fruit.

Then Eve shared it with Adam

and he chose to follow suit.
