**Why did God destroy Sodom and Gomorrah?**

Page 2

Abraham asked God,

if he would change his mind,

If God could find ten righteous men

who still were good and kind.

But in the town only Lot

and his family were found right.

Because all the other people

to their evil did hold tight.

Page 3

So God he sent two angels

to lead Lot's family from the town.

He would keep them safe from harm

when fire did rain down.

The angels told Lot's family

to keep walking straight ahead.

They were not to look on Sodom;

they were not to turn their head.

Page 4

The only one to disobey

was the one who was Lot's wife.

She look back to see the town

and so she lost her life.

A pillar of salt Lot's wife became

like a statue standing there.

Neither she nor the town,

God did choose to spare.

Page 5

God destroyed the cities

lying in the plain

With burning sulfur from above,

falling down like rain.

The next day Abraham looked out

from a place on high.

The towns were gone with only smoke,

rising in the sky.

Page 6

Evil God will always judge

because it brings us harm.

Seeing it or doing it

should cause us great alarm.

We must keep our eyes on Jesus

and what is good and right.

Turn away from evil

and to God's truth hold tight.

Page 1

In Sodom and Gomorrah,

the people did what's bad.

When God looked upon their evil,

his heart was really sad.

God told his servant Abraham

the towns he would wipe out.

Fire raining down from high

would bring this all about.
