

**What is faith?**

## Page 2

By faith we know in Jesus  
we can always trust.

By faith we know that on this earth  
he watches over us.

In Jesus we can live in peace,  
we have all we need.

And the faith that lives within us  
is like a growing seed.

By faith we can give thanks to God  
for forgiveness of our sin.

By faith we know that Jesus  
will make us clean again.

By faith we know that Jesus died  
and rose up from the grave.

He opened up the way of life  
and from our sin did save.

Jesus says by faith

we can do the things he did.

He brought healing to the people

and diseases he did rid.

He turned water into wine

and he fed the hungry crowd.

He glorified the Father

and made him very proud.

Through our faith in Jesus,

we gain power to do right.

The Holy Spirit lives in us

and leads us in God's light.

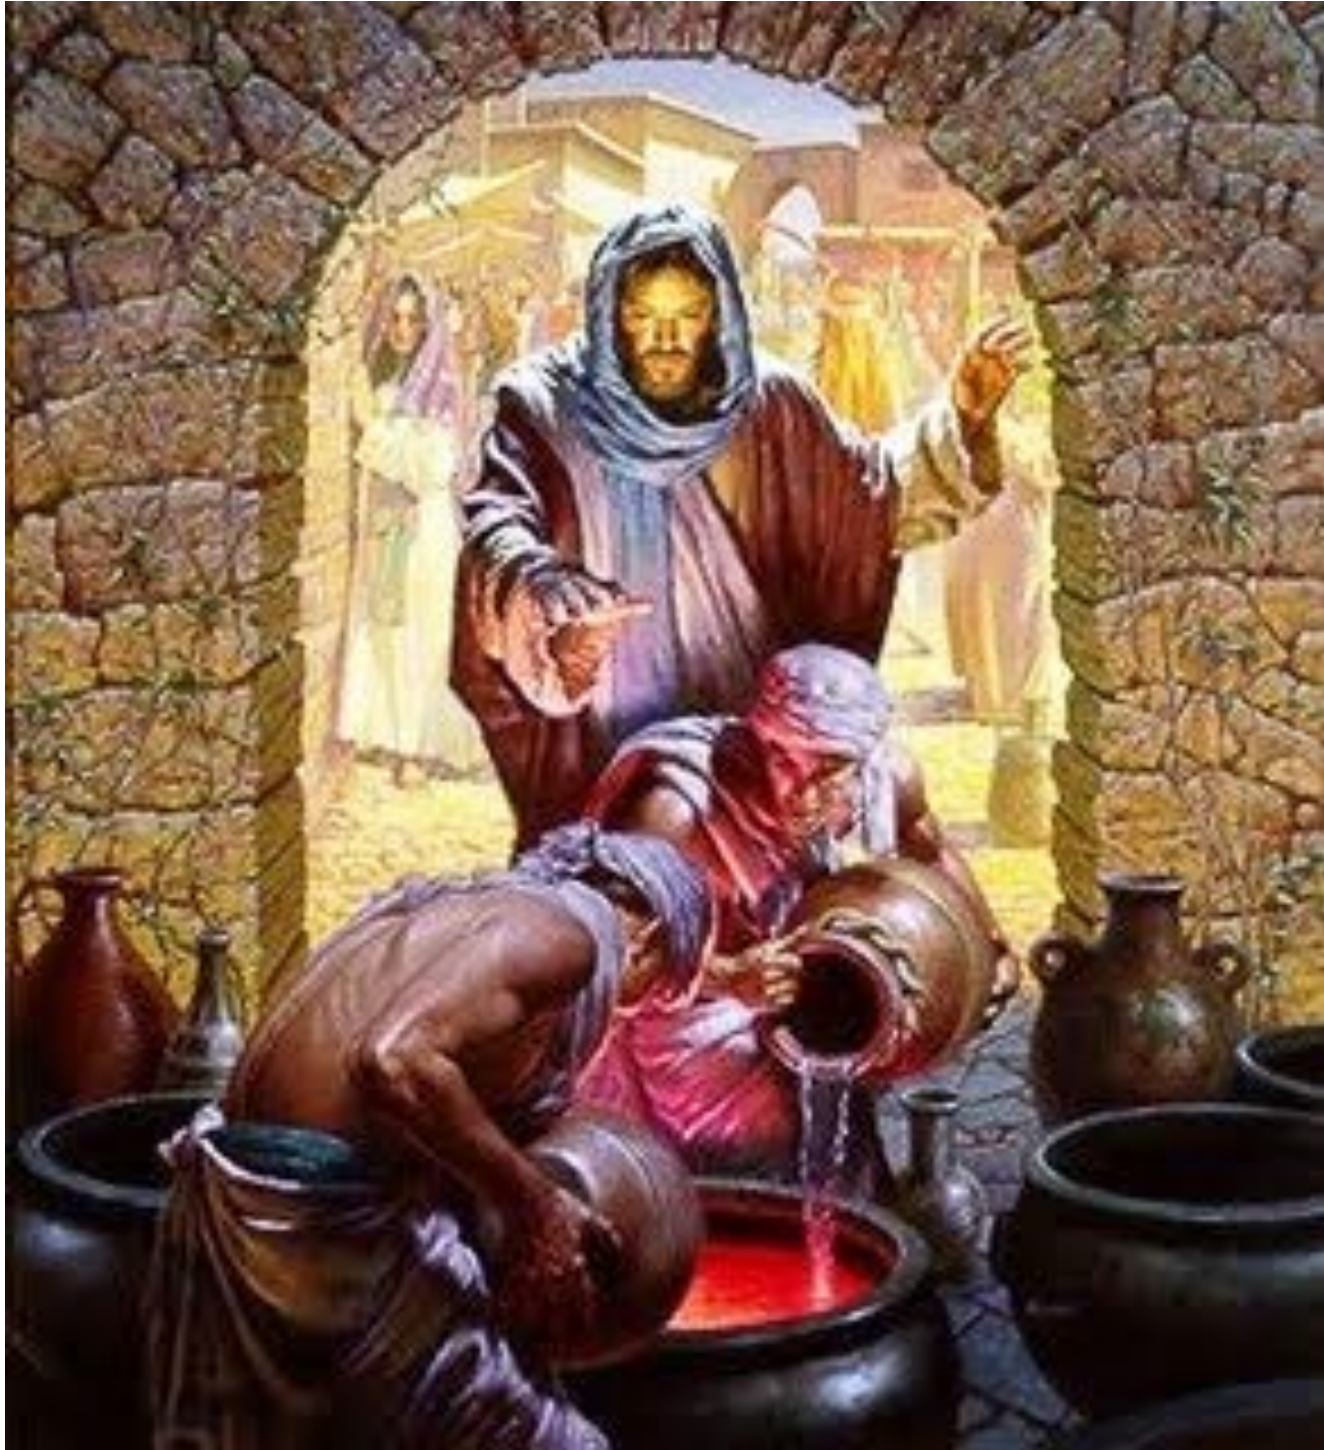

In faith with others we can share

the depth of Jesus' love.

In faith we pray to Jesus

that we honor God above.

The disciples they were able  
to follow in Christ's way.

Through faith in who Christ is,  
they gained power to obey.

We can have that power  
if Christ's Spirit dwells in us.

Our faith we put in Jesus,  
in him we fully trust.

When we have faith in Jesus,  
we believe he is God's Son.  
And through his Spirit in us,  
God's work on earth is done.  
Our faith enables us to see  
what Jesus came to do.  
It opens up our heart and eyes  
so we can see what's true.
